## CSV T CHANGING OUR LANDSCAPE

It's hard to miss the construction of the long-awaited Central Susquehanna Valley Thruway while traveling on Routes 15 or 147. This nearly 11-mile highway bypass, and its new river bridge, will stand as a monument to over 40 years of advocacy, planning, and millions of dollars in infrastructure investment. It is a testament to the value of our region as a great place to live, work and play.

# WELCOME FROM THE PRESIDENT

If there's a single word that would wrap up the Chamber's mission, it would have to be prosperity.

What do you think of when you hear the word prosperity? Maybe it would be ideas such as success, accomplishment, growth, well-being, expansion, boom or even riches? Here at the Chamber, we probably stretch this notion of good fortune and tug on it so that it encompasses the communities that make up the Greater Susquehanna Valley, the businesses that provide needed goods and services while paying family sustaining wages, the interesting places and events that are offered nearly every night in our area, and most importantly the people who call our valley home.

As it turns out all these elements are captured in our Strategic Mission: "The Greater Susquehanna Valley Chamber of Commerce advances the prosperity of its communities, commerce, culture, fellow citizens, and their businesses in its region through the leadership of its members."

Using this mission as our foundation, the members of the Chamber Board are working through our Strategic Plan. Please know that you're invited, as time permits, to visit our website — [gsvcc.org](http://gsvcc.org) — and read firsthand Path of Prosperity, which is

our plan for the valley.

In your hands is the 2020 edition of the Greater Susquehanna Valley Chamber of Commerce Membership Directory and Business Resource Guide.

Said another way, the pages that you're about to leaf through contain the very best contacts; including names, phone numbers and websites; that can lead you, your business or organization and your employees, colleagues and neighbors to the promise of prosperity that this area has so long generated and maintained.

During 2020 we will launch our Centennial Celebration. It's absolutely thrilling to tell you also that as a wonderful kick-off to this celebration, our Chamber has been named by the Pennsylvania Association of Chamber Professionals, as the Chamber of the Year!

If you're visiting our area, I extend a heartfelt and warm welcome. If you're looking for a solid business referral, it's just ahead in these pages you're about to read. Thanks for taking the time to learn more about our valley. Hope to speak with you very soon.

Bob Garrett, President & CEO

# ABOUT GSVCC

## History

We've heard it said that "Chambers of Commerce do what most people think just happens." This quote attributed to Kyle Sexton truly summarizes the history of your Greater Susquehanna Valley Chamber of Commerce from its inception in 1921 in Sunbury, PA to its present location in Shamokin Dam.

Simply put, your Chamber exists as a unique institution in the Commonwealth, serving you as a "retention-and-expansion" chamber. It's not tied to government funding; it is not the owner of industrial land - rather it is singularly focused on growing the region's business climate by supporting your business and your community as we grow and expand together. Your Chamber is truly your Chamber - we work on strategies that you've communicated to improve the region, we rely on your sweat equity, on your vision, and on your support.

Thankfully, this model has served the communities of the Valley well, as your Chamber has itself grown and expanded a number of times. In the 1990's, the Chamber relocated from Sunbury to a parsonage in Shamokin Dam to expand its services to the community and grow its partnerships. In the early 2000's, a series of moves toward regionalization made the organization what it is today, specifically a merger with the Union County Chamber of Commerce (2002), the Danville Chamber of Commerce (2004) and a little later, the Brush Valley Chamber of Commerce (2016).

In the midst of the first wave of regionalization, a new business center was designed with a “Made in the Valley” theme, to serve as a community resource. When the organization cut the ribbon on the facility in June of 2006, nearly every part of the building – from draperies to floor boards – included materials from businesses in the Greater Susquehanna Valley.

We take pride in the work that you’ve given to us to do over nearly 100 years in business, and as we look forward to 2021, when your Chamber will celebrate its 100th year, we anticipate many testimonials about the work that seemingly “just happened” that in reality is a testament to the efforts of generations of workers in the Valley.

In 2019, your Greater Susquehanna Valley Chamber of Commerce, with its nearly 700 members, was selected by the Pennsylvania Association of Chamber Professionals as the “2019 Chamber of the Year.” We take this honor in stride – that our members make us great, and therefore, make the community a fantastic place to live, work and play. Thanks for the chance to serve you!

## MISSION/VISION

## PRESIDENT/CEO

- ▶ Bob Garrett
- ▶ [rgarrett@gsvcc.org](mailto:rgarrett@gsvcc.org)

Bob Garrett serves as the President/CEO of the Greater Susquehanna Valley Chamber of Commerce. He works closely with the Chamber's Board of Directors, committees and affiliates in order to implement and coordinate the Chamber's new strategic plan, the Chamber's mission and the daily activities of the Chamber.

Twenty-three years ago, Bob made the difficult decision to make a career change and go to work for then - Congressman Tom Ridge and ended up serving four different governors at PennDOT in Harrisburg. Before this move, he was very active with the Greater Susquehanna Valley Chamber of Commerce as its Transportation Committee Chairman, headed up the Route 15 Coalition and was serving as the Director of the Union County Economic Development Council. Now, after his two-decade Harrisburg stint, Bob is back and ready to work hard on building partnerships, creating an economic development buzz, increasing the Chamber's membership and helping to take the Central Susquehanna Valley Thruway from the drawing boards to a ground breaking and, finally, to a ribbon cutting.

Bob grew up in southeastern Pennsylvania, graduated from the Thaddeus Stevens State School of Technology and received his teacher's certification at Penn State. In 1980, he began his professional career at the SUN Area Vocational Technical School. While director of the Union County Economic Development Council, during the 1990's, Bob had a major role in siting the Allenwood Federal Correctional Complex as well as the expansions for several well-known companies.

- ▶ Chris Berleth
- ▶ [cberleth@gsvcc.org](mailto:cberleth@gsvcc.org)

As Executive Director of Membership, Chris works to ensure the "value proposition" of Chamber membership. In a sense, he's the Chamber's guarantor of a personal connection between members, volunteers and staff. Equally field-deployed and office-based, Chris is externally focused and oversees the Chamber's field operations. Specifically, he engages new members, corporate sponsors, staffs the Chamber's Agriculture, ATHENA, Ambassadors and Governmental Affairs Committees respectively, and ensures that each Chamber member is aware of member benefits. Chris also serves as the Executive Director of Leadership Susquehanna Valley, a 501(c)3 nonprofit affiliate of the Chamber which serves as the region's premier business leadership organization.

Born and raised in Rhode Island, Chris fell in love with Pennsylvania while enrolled at Gettysburg College and subsequently with the Valley upon meeting his wife Kali in 2011. A 2015 graduate of Leadership Susquehanna Valley, Chris' combined experience in for-profit and non-profit work makes him an asset to the Chamber team. Chris and Kali have two children, Remy (4) and Rutledge (1).

## Executive Director of Finance

- ▶ **Abbie Sholley**
- ▶ [asholley@gsvcc.org](mailto:asholley@gsvcc.org)

completed. Abbie is also the administrative-financial assistant to the Greater Susquehanna Business Development Council Board of Directors. She aids the Chamber President/CEO as well as its Board of Directors with a variety of tasks to keep the office running efficiently.

The Greater Susquehanna Valley has always been home to Abbie. She is a graduate of Selinsgrove Area High School and received a bachelor's degree in elementary and early childhood education with a minor in computer information systems from Bloomsburg University. Prior to her current position on the Chamber team, Abbie was employed as a substitute teacher in several local school districts and Weis Markets Corporate Office, located in Sunbury.

# GSVCC STRATEGIC PLAN

These four imperatives (the Cost of Doing Business, Workforce, Technology, and Polarization) were the top issues effecting businesses in our most recent member survey, conducted in partnership with the Bucknell Small Business Development Center.

## Cost of Doing Business

To be in a position to keep the costs of doing business in check the Chamber will:

- ▶ *Advocate on behalf of pro-business/pro-jobs legislation and policies at local, state and federal levels.*
- ▶ *Serve as a consistent voice representing the local business community.*
- ▶ *Research, identify and promote examples of prosperity enhancing actions, projects and programs that have been successfully undertaken in other areas/regions.*

## Workforce

In each of the last three member surveys, workforce concerns have grown. Thankfully, our Chamber has a time-tested and proven engagement program when it comes to workforce issues. Young Americans is among the longest-established engagement program in the state. To add to it, the Chamber's Business and Education Committee launched in 2016 their CareerBASICS initiative, a platform which now includes pre-apprenticeships, a career-information website, and more.

Building upon our past successes, we will add these additional elements to our CareerBASICS initiatives:

- ▶ *Serve as the primary advocate for the Career Pathways Program.*
- ▶ *Advocate for a full continuum of educational and career training opportunities, including a fully-articulated community college, for our area.*
- ▶ *Function as a clearinghouse for the resources that will be needed to insure that educators and employers can effectively work together without causing either sector undue work or fatigue.*
- ▶ *Insure that our Business and Education efforts are expanded to and adopted by all school districts and private/parochial schools in our area.*
- ▶ *Work with our local correctional institutions to roll-out the 'Clean Slate' program*

## Technology

In our last strategic plan, access and affordability of broadband internet was the top concern for our members. In our most recent survey, Broadband still ranked among important issues, but we believe that measurable progress is being made in improving services, and educating the public about the services that exist in the Valley.

We acknowledge the great work of service providers like Service Electric Cablevision and PenTeleData, who have reinvested in the community by helping organizations like the AOAA, a top economic priority for Northumberland County, to gain access to fiber speeds. Thanks to great coverage of the issue by The Daily Item, companies like CVC Mechanical and their small business neighbors in the West Milton area are also primed for growth in this area.

We will continue to work hard for the community as we seek "Broadband for All", and build upon past successes.

## Polarization

"When two elephants fight, the grass suffers." This old African proverb illustrates the issue of polarization which arose in our survey. This issue involves both general political discourse as well as how our communities work together to solve common problems. The emergence of this issue is particularly troubling because no such similar issue has ever come up in previous surveys.

We know that the potential exists for every conversation about every issue to default back to entrenched positions, partisan accusation and separation, but we are unwilling to accept gridlock and partisan bickering as an inevitability for our Valley.

We can decide on a better path, and our Chamber has the opportunity to be the "active sane center", demonstrating a pragmatic approach to collectively find solutions. Your Chamber has a track record of being 'skilled convenors,' who have in the past and will in the future pull together the resources and the political will to focus on problem solving, crisis resolution and our joint celebrations of success.

We have great opportunities ahead, and our plan shows us no less than this: the people of the Greater Susquehanna Valley can accomplish much to advance prosperity for all.

# THE CHAIR'S CIRCLE PROGRAM

## 2020 Chair's Circle Program: 50 opportunities

Deadline: March 31, 2020

Chambers like ours depend on the support of members who are willing to invest above and beyond their membership investment. The support of these investors, who we call the "Chair's Circle", afford the Chamber the ability to invest in strategic imperatives, as determined by our members, throughout the year. For their investment, the Chair's Circle receives enhanced benefits for this investment.

Benefits include:

- ▶ **Quarterly Chair's Circle Breakfast Events**  
In 2020, the Chair's Circle will have access to quarterly breakfast events hosted by the Chamber Chair and the President/CEO. These breakfasts offer a personalized perspective on the Chamber's strategic relationships and progress toward the strategic plan.
- ▶ **The Marquee**  
Chair's Circle sponsors' names are displayed for 2-3 weeks on the Chamber marquee during the year.
- ▶ **Enhanced Online Presence**  
Chair's Circle sponsors have their own page on the Chamber website, which receives over 1,500 views monthly. This page links directly to Chair's Circle sponsors' websites. Chair's Circle sponsors are featured extensively on the Chamber's social media platforms and have their own "group" on our database system, which may be used by sponsors to communicate with one another throughout the year.
- ▶ **Bi-Weekly Electronic Newsletter**  
The Chamber's bi-weekly e-let features links to the Chair's Circle sponsors' page.

### Logos

Chair's Circle Sponsors' logos are displayed at all premier Chamber events and scroll daily on the television in the Chamber lobby. Likewise, the Chair's Circle logo is available to be displayed by Chair's Circle sponsors upon request.

### ▶ Media Recognition

Chair's Circle sponsors are featured prominently in the publications of the Chamber, including the Sponsorship Brochure, and the Annual Membership Directory and Business Resource Guide. Each Chair's Circle sponsor is listed monthly in the Voice of the Valley and they may submit one "Chair's Circle Spotlight" article to be featured in the publication once per year.

Chair's Circle sponsors are promoted in a series of radio ads run by the Chamber in partnership with the stations of Sunbury Broadcasting in 2020.

### ▶ Chamber Events & Networking Opportunities

Sponsors receive registrations to a selection of Chamber events during the calendar year. They may also offer for display any one promotional piece at the Chamber's Member Luncheons.

### ▶ GSV Young Professionals

Chair's Circle Sponsors have the first opportunity to serve as a Greater Susquehanna Valley Young Professionals host.

### ▶ Personal Touch

Sometimes, Chamber benefits can seem overwhelming, and businesses seek ways to maximize their use through new initiatives, events, and strategic partnerships. Chair's Circle sponsors, can rely on guidance and strategic support from Chamber staff, namely, the Chamber's Executive Director of Membership.

# ECONOMIC DEVELOPMENT

## Building Prosperity for All

The Montour, Northumberland, Snyder, and Union Counties region, which happens to be the ‘footprint’ for the Greater Susquehanna Valley Chamber of Commerce offers a wide variety and great depth of economic development assets. In fact, this sheer variety and the quality of these assets is truly uncommon in much of rural America.

From water, wastewater, and electrical capacities that meet or exceed most businesses’ needs, to natural gas and high-speed internet, the region is rich in resources which often exceed the expectations of businesses and site location consultants looking for expansion or relocation

sites. Add in our high-value workforce with its strong work ethic, convenient access to interstate highways, and highly efficient rail service, and the Greater Susquehanna Valley region has a winning combination for success.

The communities that make up the Greater Susquehanna Valley Chamber of Commerce service area offer a wide variety of commercial and industrial parks and buildings that can accommodate virtually any need. For more information on how a Greater Susquehanna Valley location can benefit your company’s productivity, efficiency, and bottom line, contact the Greater Susquehanna Valley Chamber of Commerce today and ask to speak with Bob Garrett, our President/CEO who is also the Executive Director of the Greater Susquehanna Business Development Council.

# WELCOME TO THE GREATER SUSQUEHANNA VALLEY

Think back to a simpler time when horse-drawn buggies shared the roads with bicycles and automobiles, when farm stands showcasing locally grown produce and fresh homemade baked goods dotted the countrysides and when local shop owners greeted you at their door with a smile and a cheery “Hello!” With the dawn of big box stores, online shopping and multi-lane traffic circles, many urban families are yearning for a return to the age of Normal Rockwell. New communities are responding by trying to recreate “authentic” downtowns – downtowns like the ones found right here in the Susquehanna River Valley.

The picture painted above is a portrait of life in the communities along the Susquehanna River ...right down to the buggies! Our region beckons to world-weary travelers drawn by the natural beauty of four distinct seasons, the charm of unique downtowns and the sights, sounds and tastes emanating from a rich and proud heritage.

With so many individuals looking for a respite from life in the fast lane, it is no wonder that Central Pennsylvania’s Susquehanna River Valley is becoming a national tourist destination. According to a recently published

study commissioned by the PA Office of Tourism, traveler spending in 2017 for Snyder, Union, Montour and Northumberland Counties was \$498 million (up from \$390 million in 2007). This is not a misprint; tourism is alive and well in our region!

The Susquehanna River Valley Visitors Bureau along with the Greater Susquehanna Valley Chamber of Commerce work together to welcome and promote our region as a great place to visit and explore, live and work and to locate a new business or industry. The Visitors Bureau reaches out to the surrounding communities and

residents, plus surrounding states and potential tourists and visitors, to showcase all the amenities the area has to offer, while the Chamber prepares and supports businesses that offer services and goods for residents and tourists and provides business networking events and seminars. We have the natural advantage to attract visitors looking for an authentic experience, but in order to stay on top of that curve we need to keep informed and to position ourselves for the future.

While this sounds daunting, staying ahead of marketing trends is really as simple as communicating – communicating our products and services to residents and visitors alike, communicating the benefits of our region as a whole to travelers, communicating our quality of life and amenities as part of employee and industry recruitment and communicating with each other to help build strong communities. Great conversations help to build great communities and the more we tell our stories the more we raise each other up.

Today's economy requires partnership. Consider the hashtag. If one individual posts beautiful photos of their personal experiences and adventures while enjoying our region's attractions, scenery and thriving downtowns and tags these photos **#SusquehannaRiverValley**, people from outside our area may stumble across those photos and search for other photos with the same hashtag. If they don't find any other photos, the conversation ends. However, if residents and business owners throughout the region are posting using **#SusquehannaRiverValley**, when someone discovers one photo and searches for that hashtag they will be inundated with beautiful images of the Susquehanna River Valley. Instead of a mere glimpse of our region, their view will be broadened to include an enticing mix of outdoor recreation, fun-filled attractions, arts and culture, history and heritage, culinary delights and one-of-a-kind shops. That partnership is also important when using **#GSVCC** to share photos of thriving businesses, business to business engagement and

events and how the region supports and attracts businesses to Central Pennsylvania.

It's also important to keep in mind that tourism marketing is not just for tourists. Many businesses today are plagued with the question of how to attract more residents into their circle of regular customers. The great news is that tourism marketing can help you reel in these life-long residents. A few years ago the "staycation" grew in popularity. The concept behind the promotion was that as the economy stumbled [with rising gas prices], a family's best bet for a vacation was to explore their own surrounding communities for new fun-filled experiences. They became Backyard Tourists. This concept is still going strong; more and more residents are looking for things to do right in their own backyards. Events like the Greater Susquehanna Valley Chamber of Commerce's Food & Wine Fest and the Susquehanna River Valley Visitors Bureau's Susquehanna River Valley Restaurant Week and Holiday Shopping Brochure Pass serve to meet this need for residents and visitors alike.

Tourism marketing needs to be part of every business plan (\$498 million is hard to ignore)! Business owners are the ambassadors of our communities and the better they carry out that role, the stronger their businesses and our communities become. As ambassadors, be ready to share the love of our region with everyone who walks through your door. Give them those insider tips into where to buy the best whoopie pies, grab the best burger, craft brew or local wine or the perfect place to view amazing scenery or go hiking or biking. By doing so, you're offering and creating an authentic experience that will stay with them and keep them coming back for more.
