Premier Partnerships

Please consider the following event partnerships and their various audiences for investment with the Greater Susquehanna Valley Chamber of Commerce in 2017. Details for each event follow this synopsis in the guide.

4th Annual Winter Wine Fest

The Chamber's Annual Winter Wine Fest draws crowds from across all of the Northeastern United States and sells out more than 350 tickets in less than 24 hours. Increasingly popular year over year, the event markets local wineries to both locals and wine tour travelers, and features excellent food and live entertainment.

Annual Meeting & Awards Ceremony

This is the annual "state of the Chamber" event and is a must-attend event. Like the Wine Fest, this event is a sell-out (more than 250 people), and it features award presentations for excellence in business, as well as volunteerism. The highlight of the event is the ATHENA Award presentation.

ATHENA Awards Program

The ATHENA Award recognizes outstanding leaders who achieve professional excellence, gave back to their community and created leadership opportunities for women.

Office Staff Recognition Luncheon

This light-hearted luncheon is an opportunity for small businesses to celebrate their employees. This is the event that celebrates not only Administrative Professionals (although they are certainly a highlight) but also provides small businesses the opportunity to publicly recognize their employees.

Young Americans' Program

Each year Young Americans Program recognizes the outstanding accomplishments of more than 90 students in twelve participating high schools throughout the Greater Susquehanna Valley. Students participate in an all-day seminar that focuses on topics such as diversity, networking, decision making, finance, goal making and communication. A banquet is held in May to honor participating students with a certificate.

16th Annual Golf Classic

The proceeds of the Chamber's Annual Golf Classic help support the above listed Young Americans Program. This golf outing is a great opportunity to do some networking, build on business partnerships, and have some fun!

Economic Forecast Luncheon

This event features a prominent economist who discusses economic trends which will impact the Valley's business community in the coming year. Hugely popular, the event offers great insight into the local market.

Visions & Connections: A Women's Leadership Symposium

Visions & Connects is a Women's Leadership Symposium that invites women to spend a day with highly experienced professionals and their peers in the Valley. The all-day conference gives attendees powerful insight and lasting impact through information and insight into their careers, attitudes, and their well-being.

Joint Legislative Breakfast Forums

These forums facilitate interaction between Chamber members and elected officials who serve the Chamber's primary 4 county footprint. They provide a platform for businesses to communicate directly with their legislators on key issues that affect business and community, and allow officials to address current issues, discuss economic development, and answer Chamber members' questions.

Winter Wine Fest 2017

Join us for our 4th Annual Winter Wine Fest, an event open to the public! Local wineries will pour their finest wines, offering tasting and purchasing opportunities. This event sells out annually nearly 400 tickets, and draws attendees from across the northeastern United States. ATHENA Awards Program

In 1981, a vision for celebrating, articulating and influencing leadership was formulated in Lansing, Michigan. The concept focused on establishing an award to recognize outstanding leaders who achieved professional excellence, who gave back to their community and who created leadership opportunities for women. Local communities across the United States and beyond embraced the ATHENA Award, named in recognition of the Greek goddess for wisdom and courage. Today, the ATHENA Foundation is an established international organization that has recognized thousands of men and women for helping women reach their full leadership potential. This award is presented during the Chamber's Annual Meeting.

EVENT PARTNERSHIPS

3

We urge our members that there is a partnership opportunity for every business and organization. For those with smaller budgets and targeted audiences, I present to you the event partnerships designed for you.

Monthly Meetings

The Chamber always has something going on, and no meeting is more informative than the Chamber's monthly luncheon meeting. Taking turns at venues across our footprint, the GSVCC Monthly Meeting offers a chance to network over the lunch hour, hear up-to-the-minute updates from Chamber members, hear and focuses on a "Made in the Valley" theme.

Business After Hours

Networking is at the heart of the Chamber, and Business After Hours events are the best method for doing that in a relaxed atmosphere. Held after work and affording a sponsor the opportunity to showcase their business to Chamber membership, the Business After Hours allows the Chamber the chance to go to work for you, offering our registration and advertising capabilities to your business. Show off your business in the most affordable way!

Specialty Seminar Options & Board Room Rental

Business leaders, by definition, have something to offer the community. Usually, that "something" takes the form of valuable personal experience and problem-solving capabilities. As a Chamber, we rely on our business leader-members to give back to our membership, sharing their expertise when applicable. Often, opportunities to share business practices afford business leaders the chance to network, gain new clients and grow trust in the community. Consider partnering with the Chamber to offer a seminar and get the word out to the community.

Farm to Fork Events

The GSVCC loves and appreciates the hard-working farming tradition of the Valley. To raise awareness about local produce and to share with the community the idea that "everyone should know where their food comes from", the GSVCC is proud to offer 5 farm to table events during the course of the year.

GSV Young Professionals

A key subsidiary and partner of the GSVCC is the Greater Susquehanna Valley Young Professionals. Furthering the mission of the Chamber by connecting future leaders and new community members with networking, professional development, and volunteer opportunities, the Young Professionals work across a variety of industries but share a common vision to make the Greater Susquehanna Valley a better place to live, work, and play. Partnering with the Young Professionals is a key way for Chamber members to invest in the future of the Valley, as well as reach a target client/customer demographic of 22-40 year olds.

Monthly Meetings

Monthly meetings are a key element of the Chamber's mission. Designed to facilitate member-to-member networking and up-to-the-minute business and community updates, the monthly meetings offer relevant information and a focus on a "Made in the Valley" theme. Here, with a regular crowd of more than 60 members, you have immediate access to your Region Director or an Ambassador at the event. Want to become more involved? Chat with Chamber staff or a Chamber Committee Chair. The Chamber always has something going on, and no meeting is more informative than the Chamber's monthly luncheon meeting.

This year, we're asking small businesses to consider partnering with us as we provide these meetings. See below for more information!

Specialty Seminar Options & Board Room Rentals

Specialty Seminars

Business leaders, by definition, have something to offer the community. Usually, that "something" takes the form of valuable personal experience and problem-solving capabilities. As a Chamber, we rely on our business leader-members to give back to our membership, sharing their expertise when applicable. 3. Priority invitation to Chamber members.
